

U.N. Says Red Nations Suppressing Freedom

Will Probe East Europe Practices

New York, Oct. 22.—(AP)—The United Nations Assembly agreed today with western accusations that three Russian satellites in eastern Europe are suppressing human rights and freedoms. It asked the international court of justice for advice.

The assembly vote was 47 to 5. Over bitter Russian bloc objections, the assembly chose to ask the international court for a ruling whether Bulgaria, Romania and Hungary must comply with peace treaties in settling the question.

Fights To Keep Charge Out
The Cominform bloc fought to keep the charges out of the United Nations ever since the questions first were raised after trials of Joseph Cardinal Mindszenty in Budapest and of religious leaders in Bulgaria early this year.

The secretary-general's office is expected to dispatch the assembly's decision to the international court at the Hague during the coming weekend. When the court will take it up is indefinite.

But the adopted resolution also insured that the question will be kept alive on the program of the fifth U.N. session in 1950 so that a moral club hangs over the heads of the accused nations, all of whom have applied for membership in the U.N.

Human Rights Violated
The resolution agreed that human rights were being violated in three countries and said that this struck not only at the peace treaties with those former enemy countries but also at guarantees of human rights and fundamental freedoms insured in the U.N. charter.

Frame in legal language, the resolution asked the international court to rule whether the three accused countries are involved in a dispute over the human rights provisions of the treaties.

If the court rules a dispute exists, then it asks the court to rule further whether they must follow treaty provisions to settle the dispute.

So far, the three countries have denied the charges, have asserted the peace treaties are not being violated, and have refused to send representatives to the U.N. to answer the charges.

Senator Wallace To Be Governor For Next Few Days

Springfield, Ill., Oct. 22.—(P)—Republican Senator Wallace Thompson will perform the Illinois chief executive's for the next few days while Governor Stevenson, a Democrat, is out of the state.

Ordinarily, Democrat Sherwood Dixon as lieutenant governor would pinch hit for Stevenson.

However, Dixon is in Alabama and so the governor's job devolves on Thompson. The Galesburg Republican is next in line by virtue of his office as resident pro tem of the Senate.

Stevenson departed today for New York to participate in the Herald-Tribune forum here Monday evening. Distinguished guests on the forum program include Gen. Dwight D. Eisenhower.

Stevenson is expected back in Illinois next Tuesday or Wednesday and Thompson's tenure as acting governor will end at that time.

Woman Who Killed Hubby Says She Loved Him Dearly

Frankfurt, Germany, Oct. 22.—(P)—A pretty brunette held on a first degree murder warrant in the killing of her husband, Lt. Andrew E. Madsen of the U.S. Air Force, cried today "I loved him dearly."

"I had no reason to cause him any harm," Mrs. Yvette Madsen, 22, told her lawyer at the Wiesbaden Air Base hospital, where she is being treated for shock.

The lawyer, Elmo Gower of Cumberland, Md., reported she broke down and wept for the first time since the lieutenant spent the night in the Madsen home early Thursday with a .45 caliber bullet wound in his heart.

"She is completely upset by the tragedy," Gower said. "It is really quite pitiful."

Madsen, 32-year-old World War I veteran from Oakland, Calif., was shot to death as he returned from a party at the home of friends which Mrs. Madsen had left a few minutes before. Investigators said Mrs. Madsen had taken exception to some thing said by another woman at the party.

Expected To Die Year Ago, Doomed Paralytic To Be 18
Chicago, Oct. 22.—(P)—A paralyzed youth, who won't give up his hopes, and plans for the future will celebrate a birthday anniversary next week that no one else expected him to reach.

Paul Nelson, Jr., will be 18. When his spine was severed in an auto accident in August, 1947, doctors said he might live only a few days. When he celebrated his 17th birthday, thought it would be his last.

You see, Paul doesn't know he is doomed. His thousands of well-wishers throughout the country who day last year, everyone but Paul learned of his plight are keeping secret the "only lie" Paul's father ever told him. None of the flood of cards he has received tell him his condition is hopeless.

Paul thinks a nerve in his spine is being squeezed by a broken bone. He dreams of a vacation in Arkansas, a letter in collegiate football, a college degree and a career in law.

The youth once was a strapping 195-pound member of the Amundsen high school football team. Last birthday his weight was down to 95 pounds. Now it is 70. He is paralyzed every few days.

The nurse who attended him from the start, Mrs. Peggy Frederickson, still attends him eight hours a day. His father, who is in clerical work, and his mother, Christine, attend him the other 16. A doctor also calls.

Four Million Persons Idle In U.S.; Increase Expected

House Group Stamps Congress Of American Women As 'Red Hoax'

Washington, Oct. 22.—(P)—The circle of close sympathizers, and all House un-American activities committee today stamped the congress of American women "just another Communist hoax" to mislead "gullible women."

In a formal report, the committee said the group's chief purpose "is to act as part of a world-wide pressure mechanism among women, in support of Soviet foreign and domestic policy."

The committee said it aims to "ensnare idealistically minded but politically gullible women."

The committee said the congress was officially launched on March 8, 1946, in New York City and claims chapters in Los Angeles, Oakland, Chicago, Pittsburgh, Detroit, Philadelphia, Washington, New York and other cities.

"The congress of American women," the committee declared, "is composed primarily of a hard core of Communist party members and a

face of the Communist drive for world conquest.

"While professedly American in name, the congress of American women has been anti-American and pro-Soviet since its inception. In fact, the congress of American women, as well as its parent body, the Women's International Democratic Federation, has consistently denounced and opposed all recognized non-Communist women's organizations both here and abroad."

The committee said the 1946 meeting at which the congress was organized elected these officers:

President, Dr. Gene Weltfish; executive vice president, Muriel Draper; treasurer, Helen Phillips; secretary, Josephine Timms; recording secretary, Thyrta Edwards; vice chairmen, Elinor Gimbel, Mrs. Fredric March, Charlotte Hawkins Brown, Mrs. Vivian Carted Mason, Mrs. Gifford Pinchot, Ruth Young, Susan B. Anthony II, Jeannette Turner, and Dr. Beryl Parker.

A spot 48-state survey by the Associated Press indicated that employment was generally high the past week, but that the picture probably will change swiftly.

Schedule Cutbacks
Many smaller firms, running out of steel or coal, have scheduled big cutbacks, some effective during the coming week. More railroad workers will join the jobless ranks at midnight Tuesday when passenger service is cut on some coal burning roads in compliance with an Interstate Commerce commission order. The automobile industry has announced drastic curtailments for next month. Steel fabricating plants are nearing the end of the line.

Secretary of Commerce Sawyer has estimated that if the steel strike runs to Dec. 1, it will force 5,000,000 workers into idleness and "seriously damage the nation's economy."

But even this gloomy estimate falls far short of actual unemployment during the last depression. A peak of around 14,000,000 unemployed was reached during 1933.

Will Set New Record
The survey indicated, however, that the nation is on the threshold of setting a new post war record for strike idle. The peak was reached in late January, 1946 when 16,000,000 were idle by strikes, including 700,000 steelworkers, 550,000 meat handlers, 200,000 electrical workers, and 90,000 in St. Louis trucking strike.

Unlike the wave of walkouts in several big industries in the immediate postwar period, only the coal-steel strikes are major threats to the nation's economy at this time.

The survey showed there are current strikes of workers in a dozen other industries, but they involve only about 65,000 people.

These include lumber, meat packing, railroads, warehousemen, building trades, sugar plants, rubber, soft drinks, cotton mills, poultry, hosiery and oil fields.

Biggest variety of strikes is in California where 54,505 are out in five disputes. They include 23,450 engineers and building trades workers, 2,000 sugar plant workers led by the Hawaiian dock strike and 6,000 warehousemen.

Railroads East Of Rockies Announce Service Cut Downs
By The Associated Press
Many of the nation's railroads operating east of the Rockies began announcing service curtailments this week end, in conformance with a government order to conserve coal because of the mine strike.

The Interstate Commerce Commission has ordered a 5 per cent cut in operation of coal burning passenger locomotives on all railroads having less than a 25 day supply of coal on hand. The cut is effective Tuesday.

Virtually all coal burning railroads in the west are obtaining coal from local mines unaffected by the strike, so found curtailments unnecessary.

However, in the east, the New York Central—which already had canceled 89 steam passenger trains serving 11 states—said the ICC order will force it to suspend at least 100 more. Suspension of the 85 trains was ordered Friday and it became effective at midnight Saturday.

Most of the road's main line passenger trains are being, however, and will not be affected.

The Chicago, Milwaukee, St. Paul and Pacific said it had voluntarily canceled eight trains a week ago, serving South Dakota, Illinois, and Wisconsin. To comply with the new order, it stated, 18 more will be halted Oct. 5. These serve Illinois, Iowa, Minnesota and Wisconsin.

The Baltimore and Ohio will discontinue 23 trains, mostly locals or branch lines, effective at midnight Tuesday.

Phoenix, Illinois, Firemen Win First In Big Waterfight

Rock Island, Ill., Oct. 22.—(P)—Firefighters from the Chicago suburb of Phoenix captured the \$150 first prize today in the second annual waterfight contest of the Illinois Firemen's association.

With the cash award went the Gabe Mosenfelder Memorial trophy, named for a Rock Island clothing merchant and volunteer fireman.

The waterfight finals highlighted the closing session of the State Firemen's 59th annual convention. Earlier, Thad Pile of East Alton was elected president of the group.

In waterfight contests the competing teams play streams of water upon a big steel ball suspended 30 feet on a wire stretched between two poles. The poles are the opposing goals.

The object is for one team to drive the ball against the opponent's goal. The game is a test of skill in handling the high pressure fire hoses.

Runnerup to Phoenix was a team from Northbrook, another Chicago suburb. Colona was third.

Tobacco Firm Refuses To Heed New Taxation Act
Huntington, W. Va., Oct. 22.—(P)—A large tobacco distributing firm today challenged a four-day-old federal law designed to help states collect retail taxes on mail order cigarettes.

The American sales agency here sent out telegrams to its branch offices in three other cities, instructing them to ignore the new act compelling such companies to turn over names of buyers to the various state tax departments.

Nicholas J. Tweel, president, said the firm plans to test the constitutionality of the act, signed into law Oct. 19 by President Truman.

The law provides penalties of a \$1,000 fine or six months in jail or both.

COMMUNISTS START Campaign To Free Imprisoned Leaders
New York, Oct. 22.—(P)—The Communist party threw its high-powered propaganda machine into top speed today in a drive to get the 11 imprisoned Red leaders out on bail.

The Civil Rights congress, which has been listed as subversive by the attorney general's office, announced a "March on Washington" would be held next Thursday.

Delegates from 26 states, the organization said, will demand setting aside of the "Fascist-like sentencing of 11 leaders of a minority political party for their ideas and teachings."

Eugene Dennis, general secretary of the Communist party, and nine other leaders were sentenced yesterday to five years in prison following their conviction a week earlier on charges of conspiring to advocate forcible overthrow of the U.S. government.

Another defendant, Robert Thompson, drew a three-year sentence. Each of the 11 was fined \$10,000 and Federal Judge Harold R. Medina refused to free any of them on bail pending their appeals.

BRITISH SOCIALIZATION MEASURES TO BE GAUGED IN 1950 ELECTION

There will be no general election in Great Britain until 1950. The Labor government has spurned Winston Churchill's challenge to give Britons a chance now to vote on its policies.

Prime Minister Attlee has acted in this situation as almost any British leader would have done. He is under no compulsion to call an election at this time, and from the Labor Party's viewpoint there are several advantages to be gained from deferring a popular decision.

Under British law a general election must be held at least every five years. The last one took place in 1945 when the Labor Party won control. But a government may hold an election whenever it believes a test of popular sentiment is needed to clear the political atmosphere. Aside from the five-year rule, however, it is forced to go to the people only when it receives a vote of "no confidence" in Parliament.

Attlee's government is in no such danger and hence he would be likely to seek a vote test only if convinced that the political situation at the moment were so badly confused as to handicap the execution of national policy. Yet that, too, does not appear to be the case.

On the other hand, Attlee and his party are no doubt extremely eager to have the nationalization of the iron and steel industry become law before popular reaction to the government's stewardship is gauged. The steel nationalization bill has been passed but does not become law until the spring of 1950. It was a big plank in the party's 1945 platform.

With the steel bill enacted, the Labor Party will be able to claim that it has taken several strides toward the fulfillment of its Socialist promises. For the coal and transportation industries already have passed to government ownership.

Furthermore, the Labor government will have had many months more to work out its world trade problems symbolized by the "dollar crisis." By next summer the effect of the recent devaluation of the pound should be pretty clear. And the merit of proposals agreed to in Washington for long-range trade solutions ought also to be evident.

In other words, the present leaders will not feel it necessary to complain that, in the event of their defeat at the polls, they were tossed out of office before they had a fair chance to lick Britain's problems.

These advantages for the Labor Party will have their political uses for the people as well. For it would be unwise from their standpoint to measure anything as strikingly new to them as a Socialist government short of a full test.

It is perhaps unfortunate that the nationalization of steel will have been in effect for so brief a span when the 1950 election occurs. Sound judgment of the consequences of the move will hardly be possible. But at least the people will have before them the record of many months' public ownership in other basic industries.

If there are indeed grave losses of freedom and initiative in a switch to socialism, the supporters of capitalist alternatives should not fear the results of a fairly staged trial run for the rival system. The facts will tell the story.

Tasikmalaja, Java—(P)—Moslems in Western Java have set up a state of their own. They control much of an area of about 1,000 square miles and are believed to be expanding. They say they will fight both the Republican and the Dutch governments. Their enemies say they sponsor a reign of terror.

The new state was announced recently by S. M. Kartosuwirjo, its president. In the fighting between the Republicans and the Dutch, Moslem fighters were said to have attacked the Republicans. A story is that hundreds of Republican fighters were poisoned in one instance.

The Dutch and Republican forces are believed to be too weak at present to mount an offensive against Kartosuwirjo's men.

FOR DELICIOUS WAFFLES

Before using a new waffle iron, season it by preheating the appliance for 8 to 10 minutes with the cover closed before brushing both grids with a small amount of unsalted cooking fat or salad oil. Continue heating for two or three more minutes with the grids closed. Excess grease can be removed with absorbent paper or by baking one or two slices of bread between the grids, electrician advise.

THREE-FIFTHS OF HOMES MORTGAGE-FREE

New York—(AP)—Nearly three out of every five of the nation's home owners have no mortgages on their property, according to a Title Council of America report. About 64 per cent of small town or rural homes are mortgage-free, says the report which is based on recent government surveys. In metropolitan areas, 44 per cent have no mortgages. The over-all national figure is about 57 per cent.

Today's average mortgage of \$3,700 is nearly 50 per cent higher than 1940's. But this doesn't mean home owners are more heavily mortgaged than before the war, the Council says. The "livability" value of American homes has been increased by such improvements as automatic heating, modernized baths and kitchens, and better insulation.

CONVERTIBLE SWEATERS

Save worn-out sweaters. A youngster's play-coat can be extruded with it. Remove the buttons and sew the sweater inside the coat, and Junior will be extra warm for outdoor playing.

Suffragettes In Syria

By SIMON ALLAWERDI

CANDIDATE—Mrs. Helen Gahagan Douglas, Democratic representative of the Fourteenth (Los Angeles) District in Congress, will run next fall for the Senate seat held by Sen. Sheridan Downey, Democrat. Mrs. Douglas is a former actress and wife of film actor Melvyn Douglas.

Damascus—For the first time in the recorded history of the Arab world, women will vote in the Syrian national election Nov. 5.

A new electoral law grants female suffrage. Thus Syria becomes the fifty-ninth country to give women political equality.

Women's leaders throughout the world, including many in America, have cabled or written messages of congratulations to the Syrian Government on its action.

Not all Syrian women will get the vote. The law specifies that only those with an elementary school certificate can go to the polls. It is believed that about 30,000 women will use their voting rights this fall. The number is expected to triple or quadruple within the next two years.

Syrian leaders expect a great boom in education of women to follow the grant of suffrage. Few Moslem families sent their daughters to school during the first two decades of the twentieth century. Most of them went to missionary or foreign schools.

Not until the early thirties did it become a normal thing for Moslem girls to attend public schools.

Now 65,000 girls are studying in private and public schools.

Club Will Send Toys To Bavaria

Ashland—The business meeting of the Ashland Junior Woman's club was held at the Legion Home, October 20 with Miss Ruth Yancy as hostess. Reports were given on the Twentieth district junior banquet, the district board meeting, and the regional meeting. State projects were discussed.

Junior clubwomen have been asked to bring toys, new or old for Bavarians in refugee camps. The club would also like to send candles to Korea to be used during the Christmas season.

Mrs. G. L. Gill presented a review of the hilarious biography of "Lydia Pinkham." Rita Jean Nall, accompanied by Marian Stewart, sang "Trees" and "Why Do I Love You" proper parliamentary procedure was discussed by Mrs. Roy Davenport, twentieth district parliamentarian.

A skating party will be the next event, at Moonlight Garden Rink, November 4, Friday.

SHIRTWAIST STYLE

Some of the season's most fabulous evening gowns turn out to be separate blouses and skirts. Lilly Dache shows wide, spectacular skirts of slipper satin with cummerbund waistband and huge pockets, with varying formality. The fashion goes from the high-style collections down to the budget-priced group. Teen-agers may buy a long skirt of faille or satin, and concoct a dozen dance outfits by switching blouses.

FLANNELETTE SWANK

College girls are wearing separate skirts and shirts of dark printed cotton flannel this winter. It's practical because the garments may be tossed in with the regular laundry. Fireman red flannelette also is a favorite for dormitory robes and pajamas.

HOME DECORATOR TIP

A variety of new paints are on the market to make home refinishing of furniture easier. One gives a "bleached" look to unfinished wood in one coat.

Bernice Berghaus
Ross Dormire Wed
At Chapin Church

In a double-ring ceremony, which took place on Sunday, Oct. 16, at St. Paul's Lutheran church near Chapin, Miss Bernice Marie Berghaus, daughter of Mr. and Mrs. Carl Berghaus of Bluffs, became the bride of Ross Dormire, son of Mr. and Mrs. Brooke Dormire of Mt. Sterling.

Rev. Harry Timm, pastor of the church, received the vows before an altar banked with baskets of cut flowers, ferns and palms. Miss Eda Eckhoff played the traditional wed-ding marches and accompanied Eddie Robertson, who sang "Because," "O, Perfect Love" and "The Lord's Prayer."

The bride, given in marriage by her father, wore a gown of white satin, designed with fitted bodice, scalloped bertha outlined in seed pearls, sleeves tapering to points over the wrists and a full skirt which fell gracefully to the floor.

Her veil, of French illusion, was edged in Chantilly lace and secured to a crown tiara of seed pearls and bugle beads. White roses fashioned the bridal bouquet. As her only jewelry, the bride wore a single strand of pearls, the gift of the bridegroom.

Attendants for the bride were her sister, Miss Eleanor Berghaus of Bluffs, as maid of honor, and Miss Carol Dormire, sister of the bride-groom, and Miss Gracie Cook of this city as bridesmaids.

Their gowns were of taffeta, iden-tically styled, with Miss Berghaus in yellow, Miss Dormire in green, and Miss Cook in orchid. Each wore a matching headpiece and mitts and carried a colonial bouquet.

John Dormire, brother of the bridegroom, served as best man. The ushers were Wayne Sull and Robert Koch.

Following the wedding rites, a re-ception for 100 guests was given at the home of the bride's parents. For receiving the guests, both the mother of the bride and bridegroom wore gray, with black accessories and corsages of pink roses.

Assisting with the serving were Mrs. Richard Ridings, Mrs. Russell Verries, Mrs. Lloyd Hurst and Mrs. Floyd Olson.

As the couple left on their wedding trip, the bride wore a gray dress, with navy accessories and a corsage of pink roses. Upon returning, the couple will reside on a farm near Mt. Sterling.

Mrs. Dormire was graduated from the Chapin High school, class of 1948, and until recently was em-ployed at the New Method Book bindery. Her husband, who attended the Mt. Sterling schools, is engaged in farm-ing with his father.

THE DOCTOR SAYS

Need Slow Return To Activity After 'Heart Attack'

By Edwin P. Jordan, M. D.
Written for NEA Service

A sudden "heart attack" is almost always caused by a coronary thrombosis or occlusion. These two names mean about the same thing, and are caused by a sudden closing off of one of the vessels which carry blood to the heart.

Because so much is heard about those attacks in which the outcome has not been good, many people feel that coronary thrombosis is increasing and that it means sudden death. This is an exaggeration of the true facts. Considering the increased average age of the population, coronary thrombosis is probably not increasing. Also there are many who have had at least one heart attack

and have not died suddenly; many have even resumed full or nearly full activity after one or more such attacks and have lived for long periods.

Coronary Thrombosis is, however, a startling thing. An attack can and usually does come without warning and without any particular exertion or strain in the immediate past which can be blamed.

Extended Pain

A severe sudden pain in the chest which often extends down the left arm, to the abdomen, or up into the neck, together with shortness of breath and a feeling of faintness is enough to arouse suspicion. The definite diagnosis, of course, requires some tests which the doctor alone has the skill and equipment to make.

A long period—usually about six weeks—of rest in bed is required after an attack. How much exercise can be taken later must depend on the judgment of the doctor who has determined the amount of injury to the heart and the degree of its recovery. In any case, resumption of physical activity has to be gradual. There are reasons for believing that when return to activity is slow the final results will be better.

Note: Dr. Jordan is unable to answer individual questions from readers. However, each day he will answer one of the most frequently asked questions in his column.

THE DOCTOR ANSWERS

By Edwin P. Jordan, M. D.

QUESTION: Can a person get erysipelas from livestock?

ANSWER: This is an interesting question but I have not found the answer in any of the books I have consulted. Erysipelas is caused by a streptococcus and these germs are widely distributed in nature. It should be theoretically possible to acquire erysipelas from livestock but this does not seem to happen often.

Tokyo—(AP)—Chestnuts as big as hen eggs may soon be exported to the United States. The Kyoto news agency says that Kenkichi Tsuchida, a fruit-tree specialist, has developed the nuts after years of experiment, and that a candy firm has arranged to glaze them and export them to America.

Local Red Cross Represented At Special Meeting

The Morgan County Red Cross chapter was represented at the disaster nursing services conference, held Oct. 18 at the Jefferson hotel in Peoria, by Mrs. C. F. Deatherage of Waverly, certified home nursing instructor; Mrs. Bessie Spaulding, chairman of the nurse recruitment committee; and Mrs. Constance F. Johnson, chief disaster nurse vice chairman.

Miss Helen Flanagan, disaster nursing consultant from national headquarters in St. Louis, conducted the meeting, which had as its chief purpose to make known the Red Cross medical and nursing services utilized in cases of emergency.

Mrs. Frank Corington, chairman of volunteer services for the chapter, and Mrs. Arthur Lauff, a member of this committee, attended a conference for volunteer services chairman at the Statler hotel in St. Louis Oct. 19-21.

The agenda was based on recommendations of volunteer services chairmen from all chapters in Illinois. The general sessions provided for presentations on volunteer services in the blood program, in mental hospitals and to the community; council participation, recreation in military and veterans' installations; recruitment and training of volunteers. A work-shop on community organization and survey was conducted by the area director of staff development.

A Red Cross home service institute for directors of this activity in the chapters of central Illinois was held at the St. Nicholas hotel in Springfield Oct. 20 and attended by

Mrs. W. H. Kurtz, chairman of the home service volunteer committee, and Alma Mackness, executive secretary and director of home service for the local Red Cross.

This meeting was conducted by Miss Martha Henderson, home service field representative consultant from national headquarters. Discussions were held and information given concerning the new rules and regulations now in effect in the military services and Veterans Administration.

Lions Plan Big New City On Empty Illinois Prairie

By BERT GOLDRATH
NEA Staff Correspondent

Chicago—(NEA)—Twenty-seven miles south of Chicago's Loop, a new city is about to be born.

Surveying has already begun on "Liondom," a multi-million-dollar project of the International Association of Lions Clubs. Three to four hundred acres of now-vacant prairie will soon sprout forth homes, shops, office buildings, a parking lot and even a cemetery.

Silver-haired Melvin Jones, founder and secretary-general of the organization, says the project isn't any vision or dream city. It got out of the dream stage long ago and was always more than a gleam in the nerve center now employees more

than 225 persons, many of whom are expected to make their homes in Liondom.

Jones has announced that 1000 of the 7454 clubs in 26 countries are raising \$1,000 each to help build the model town.

Realizing that America's population is growing at the rate of a million a year, the directors of Lions International conclude that it would be up to employers and groups like their own to provide housing for employees and members.

Low-cost housing is one of the principal goals. Homes in the \$10,000 class are under discussion, although no specific plans for homes have so far been adopted. William Bird, publicity director of the Lions, says that building will probably start next year. The Lions will hold their 1950 convention in Chicago and the directors intend to have something concrete to show conventioners, he says.

Already more than \$500,000 has been spent for land, and more may be bought. Additional millions will be required for actual building. Negotiations for the property so far acquired were carried on in secret so the price of the land would not skyrocket.

At least \$38,000 was voluntarily contributed soon after announcement of the Liondom project.

The tract for the new city lies along the Illinois Central suburban tracks, with a switchback and a station at which I. C. trains stop. The Loop is 47 minutes away by rail. For commuters, a 400-car parking lot by the station will provide the finishing touch.

41 Million Turkey Crop Nation's Second Biggest

NEXT, THE STUFFING: Fattening up at Iowa State College poultry farm, these are part of a nationwide bumper crop.

By EDWARD H. HOFFMAN
NEA Staff Correspondent

Kansas City, Kans.—(NEA)—This year's holiday season will be a happy one for all turkey eaters. There's a bumper crop of gobblers coming to market which means plenty of white and dark meat at lower prices.

The second largest crop of birds on record, an estimated 41,107,000 turkeys, are gobbling on ranches and in barnyards over the nation, waiting for stuffing and holiday fixings. But, plentiful as the heavy fowl will be this year, 1945's record of 44 million birds won't be men-

Railway Closes Shaw Station

Ayot, England.—(AP)—George Bernard Shaw once described himself "an inaccessible man in an inaccessible part of the country." That's more true than ever, now.

British railways closed down the station here, the nearest to the 93-year-old playwright's home at Ayot St. Lawrence. Reason given was the small demand for service. Comment from Shaw's home: "He's far too old to travel by train anyway. He always goes by car."

ROODHOUSE

Roodhouse—Mr. and Mrs. James F. Hopkins and Mr. and Mrs. Henry Van Tuyle attended the University of Illinois football game Saturday. James Proley, who has been a patient at the White Hall hospital, has returned home.

Mrs. W. W. Wilkinson returned home from Passavant hospital Tuesday.

Mr. and Mrs. J. R. McConathy were weekend guests in the home of a son-in-law and daughter, Mr. and Mrs. Ed Criner, Princeton.

A Rotary quiz was conducted by Leroy Hopkins, program chairman, Wednesday night. E. H. Garlich of Jacksonville was a visiting member. Other guests were Rev. Charles Vandertum and Rev. Peter Kettle of White Hall.

The Almost Forgotten "AMERICAN PLAN"

Remember way back when many hotels advertised the "American Plan?" Your rate included meals and all you wanted to eat. Seldom today is the American Plan available. You pay for what you eat, and that's because food is no longer cheap.

But your Telephone Company still operates its local service under the "American Plan." All the local service you want for a flat fixed monthly price. It isn't easy because you want more local calls today to more telephones than ever before. And telephone poles and wire and wages are not cheap either.

So remember — your Telephone Company is doing the best it can for you in rates and service on the "American Plan."

Illini Stop Purdue 19 To 0 To Take Top Position In Big 10 Race

Lafayette, Ind., Oct. 22.—(P)—The Illini won their first victory at Purdue in 30 years Saturday, 19-0, as line-smashing performances of burly Burt Schmidt and John Karras boosted the Illini on top of the Western conference.

Twice-tied but undefeated in the Big Ten, Illinois got a big assist from Michigan's 14-7 victory over Minnesota, last perfect record team in the conference.

Purdue's best offensive was John Kerestes' plunging, good for 64 yards in 14 carries. Its second-best weapon was a spread punt formation that prevented Illinois from returning kicks a single yard. Bill Skowron averaged 52.5 yards on two Purdue punts.

Ohio State Whips Badgers 21-0 With Deceptive Attack

Madison, Wis., Oct. 22.—(P)—Ohio State mixed a slashing deceptive ground attack with a few passes to run up a 21-0 western conference football victory over Wisconsin Saturday.

Led by Jim Clark and Fred Morrison, a pair of powerful, hard running backs, the Buckeyes pushed across two touchdowns in the first quarter and added a final in the closing minute to whip a game but outclassed Wisconsin eleven.

A capacity crowd of 45,000 saw Ohio bounce back after its 27-0 trimming from Minnesota last week. The Bucks now have two victories in three conference starts; Wisconsin one defeat and one tie.

Using quick cutbacks, laterals and smashes off the tackles, Ohio State plunged almost at will through the Badger line in the opening period. The Buckeyes faked the Badger defense out of position constantly through the quarter as they drove 44 yards for one touchdown and 57 for a second.

Wisconsin did better after the early stages and played the Buckeyes on nearly even terms until the closing minutes. Fine punting by Morrison and Pete Perini far overshadowed what the Badger kickers could do, however, and the Badgers had to play in their own end of the field most of the time. Ohio State averaged about 52 yards on its punts.

Stagg Shows How T Formation Worked In 188

Sellingsgrove, Pa., Oct. 22.—(P)—Amos Alonzo Stagg celebrated his 60th anniversary as a college football coach today with a living room demonstration of how he played the "T" formation in 1888.

Belying his 87 years, the "grand old man of football" stepped through the intricate maneuvers of the present day "T" like a young sophomore. He told how the offensive formation grew out of a rule change while he was a player at Yale 12 years before the turn of the century.

While pivoted and faked for the entertainment of reporters, more than 200 guests gathered in Susquehanna university's huge dining room to honor one of the sporting world's three active living octogenarians. Baseball's Connie Mack and Clark Griffith are the others.

Many of the famous coaches invited to attend the ceremonies for Stagg were unable to be present because their teams were in action today. But they sent best wishes and congratulations to the white-haired dean of football.

Court Temporarily Orders Williams From Pro Football

Washington, Oct. 22.—(P)—Federal district court today issued a temporary order restraining Joel Williams from playing pro football with the Washington Redskins.

The order was issued by Judge Henry Schweinhaut after Harry Seibold, president of the Richmond rebels of the American league, took his player tampering charges to court this afternoon.

Seibold has charged that Williams, his team's regular center, left the Richmond team for more money. The minor league executive said that Williams, a former University of Texas lineman, under Richmond contract, left the rebels due to encouragement by President George Preston Marshall and the Washington Redskins.

The court order also prevents Williams from playing with "any other club" than Richmond until the hearing next Thursday on whether the injunction shall be made permanent.

* FAN BREEZES *

BY BOB MERRIS

McKendree's Bearcat eleven was a much sought-after ball club for homecoming games this season. The boys from Lebanon, Ill., were requested to furnish the opposition for nine homecoming tussles. The Bearcats accepted five offers. At Miller's Blueboy club was one of the chosen few.

Aside from the fact that the McKendreeans suffer from lack of manpower—school enrollment is 286—and are expected to present a "pushover" for the homecoming celebrants, another reason for the requests was probably to gain the added color their neat, white uniforms offer. The brand, spanking new outfits put the faded blues of Illinois college to shame.

Tragedy mingled with homecoming happiness at Illinois College Friday night when three Blueboy athletes were injured in an automobile collision near the Hilltop campus. Don Longer, captain and end on the Blueboy football squad, and Dave Billings, regular halfback, were sidelined for the McKendree mix because of injuries, though slight. Ken Gill, Blueboy baseball pitcher of note, was badly shaken up. Margaret Gill and Virginia Billings (wives of Dave and Ken) suffered from shock and lacerations while Donna Cheam, Longer's fiancée from Danville, was probably the worst injured, sustaining chipped bones in her ankle, deep cuts about the head and severe shock. Donna, whose position in the car placed her almost directly in the path of the colliding vehicle, was removed to Danville Saturday and doctors report that she will recuperate slowly but completely.

This should come under "quirks of the game." Did you know that the only football game North Central college has won all season was the 40-6 thumping administered to the Illinois college Blueboys here three weeks ago. Augustana's Golden Wave rolled over the Redbirds 21-7 Saturday afternoon to mark their fourth defeat. On the other hand, the 40-6 beat was the only loss suffered by the

local collegians. They now own a record of three wins, one tie and one loss.

As Joe Hill, former IC grid star, said during an interview Saturday afternoon, "It's just one of those unexplainable things that tend to make football games entirely unpredictable." "Upsets are becoming the rule rather than the exception this season." A 40-6 upset, wow! Of course Wisconsin scuttled the Navy 48-13 last week, something they weren't supposed to do. However, the Navy's forces have been split this season by their Pentagon battles with the Air Corps generals.

The Big Ten football picture is rapidly beginning to resemble a surrealist painting. The University of Illinois now rests on top of the heap. Northwestern beat Michigan, Iowa whipped Northwestern. Illinois topped Iowa. Michigan knocked Minnesota. Now, if you follow us this far, you realize that Ray Eliot's gang is favored—by comparative scores—over both Northwestern and Michigan. But little Missouri and Iowa State of the Big Seven gained victory and a tie over the fighting Illini. Only answer to that, and we know it's wrong, is that the Big Seven is stronger than the Big Ten. Won't the Pacific Coast be glad to hear that!

Next week will tell the tale. Illini meets Michigan at Champaign. The Illini are due for another trip to Pasadena and were ready to pull them out west in a cut down box. Danville Saturday and doctors report that she will recuperate slowly but completely.

A new twist is added to the "father and son" act at Crawfordsville, Indiana, home of Wabash college. The Wabash football team was dumped by Earlham's club Saturday afternoon. Earlham's chief offensive threat was quarterback Jerry Huntsman, son of Wabash's football coach. "Son, you done me wrong," Illini college is scheduled to go against Wabash at Crawfordsville, Nov. 5.

College Station, Texas, Oct. 22.—(P)—Baylor's undefeated Bears easily won their sixth game of the season Saturday by passing and running to a 21 to 0 muddy field victory over Texas A & M.

Upsala 20, Susquehanna 0.
Selinsgrove, Pa., Oct. 22.—(P)—Upsala spoiled Amos Alonzo Stagg Day Saturday, defeating Susquehanna, 20-0.

Stanford 27, Oregon State 7.
Palo Alto, Calif., Oct. 22.—(P)—Stanford's Indians, serving notice they intend to be tough customers from here on in, muddied field victory over Oregon State College Saturday.

Eureka 12, Shurtleff 0.
Eureka, Ill., Oct. 22.—(P)—Warren Seibert scored twice in the last half to lead Eureka College to a 12-0 homecoming victory over Shurtleff today. It was Eureka's first win in five starts this season.

Memphis 21, Kansas 14.
Memphis, Oct. 22.—(P)—Little Memphis State overcame an early deficit and went on to upset heavily favored Kansas State, 21 to 14, before a small homecoming day crowd today.

Texas Christian 33, Mississippi 27.
Fort Worth, Tex., Oct. 22.—(P)—Texas Christian university nosed out Mississippi, 33-27, tonight in a wild offensive struggle.

The spectacular parade of touchdowns started 45 seconds after the game opened when Billy Mustin scored 59 yards for a Mississippi race. It ended shortly after the fourth quarter began when Lindy Berry passed 23 yards to John Morton for Texas Christian's game-winning tally.

Waverly-Nokomis Game Friday Ends In 6-6 Deadlock.
Waverly—Waverly and Nokomis struggled to a 6-6 tie in a tooth and nail football game played Friday night on the Nokomis field.

Both teams got their touchdowns during the first quarter and neither succeeded in scoring again throughout the game.

Nokomis was first to score, when Kansas ran for a touchdown early in the game. The tally for Waverly was made by Mitchell, half back, who ran 15 yards for a touchdown.

During the game, Waverly gained 223 yards and Nokomis advanced 176 yards. Thirteen first downs were made by Waverly, while Nokomis made 11. A Waverly player, Miers, returned three punts for 37, 40 and 40 yards.

Georgia Tech Slaps Florida.
Gainesville, Fla., Oct. 22.—(P)—Jimmy Southard, one of the smartest quarterbacks ever to play on Florida Field, guided Georgia Tech to a lopsided 43-14 victory over Florida Saturday.

The well-coached Tech team never made an important mistake as Southard scored two touchdowns and passed to speedy little Jimmy Jordan for another. He connected eight times in 11 passes for 151 yards.

After Florida struggled to the first score, going 44 yards in 10 plays, Tech cut loose. Southard sneaked over from the one after North ran 37 yards. Then came another quick one for Tech. Southard passing in the flat to Jordan, who whizzed 43 yards.

Florida slugged 80 yards to tie it but Tech did the same thing and Humphreys scored from the one to put Tech in front at halftime, 20-14.

Austin, Tex., Oct. 22.—(P)—James "Froggie" Williams grabbed a spintagling 17-15 football victory for Rice over Texas by booting a perfect field goal in the last 10 seconds here Saturday.

Williams calmly kicked the three-pointer from a very difficult angle as 60,000 screaming fans watched him disrupt Texas' hopes for victory. Handballed by Texas so viciously that they made only 18 yards and one first down in the first half, Rice did not start clicking until midway of the third period.

At that time they were trailing 15-0, and Texas enthusiasts thought maybe they had a cinch.

The Longhorn balloon exploded as Rice suddenly went wild and scored 14 points in five minutes. Gordon "Sonny" Wyatt terminated a 61-yard pile-driving surge by jolting through left tackle from the 1-yard line. Williams, all-conference line player, lineman of the week last Saturday, kicked the first of two extra points. Three minutes remained in the third quarter.

Rangers, Leafs Tie.
Toronto, Oct. 22.—(P)—The New York Rangers and Toronto Maple Leafs of the National Hockey league battled to a 2-2 tie Saturday night. It was the nearest the visitors had come to winning a game this season in four starts.

Schubert, Ravel, Bach In Rousey's Junior Recital

Tuesday afternoon at 4:10 p.m. Noel Rousey will give his junior recital in MacMurray College Music Hall. Mr. Rousey did his pre-college work in piano with Mrs. Elizabeth Blackburn Martin. Since coming to the MacMurray College Conservatory he has studied with Hugh Bess.

Noel Rousey

He will open his program with Schubert's Fantaisie Opus 78. Most of Schubert's piano works belong to the smaller forms, but they are eminently winning and were written in the full flower of the Romantic movement. The lyricism of Schubert's songs is carried over into his instrumental music.

Opposed to the Schubert singing style we find Bach's music essentially instrumental. Mr. Rousey's second number will be the English Suite in G Minor. The Suite of Bach's day was made up of some half dozen or more dance forms including the allemande, the sarabande, one or two gavottes and a gigue. The English Suite is a product of his chamber music period.

The program will close with Ravel's Le Tombeau de Couperin, a composition of the composer's impressionistic period.

The public is cordially invited to attend this recital.

Stevenson Favors Increase On Truck License Fees

Rockford, Ill., Oct. 22.—Gov. Adlai Stevenson favors an increase in truck license fees.

Speaking at the dedication of the new State street bridge here yesterday, the Democratic executive cited the "shameful" condition of Illinois highway restoration.

Stevenson expressed concern that truck operators are free riders of Illinois highways.

"It is clearly unjust," he said, "to compel those who do the least damage to our highways to pay most of the cost of maintaining and rebuilding these highways."

The governor said the new bridge here is only one of many highway projects urgently needed throughout the state, but added that "unfortunately we can undertake only a fraction of them."

Would Use Higher Tax Bill As Wedge To Cut Spending

Washington, Oct. 22.—(AP)—Economy advocates planned today to use President Truman's call for higher taxes as an opening wedge in a drive for sharp cuts by congress in the federal government's spending program.

As part of this plan, they are expected to develop testimony before the House ways and means committee next year intended to show that it will require steep increases in individual and business tax rates to take care of a heavy deficit which may develop in the year beginning next July 1.

The commerce department reported today that the total debt in this country, including both public and private obligations, was \$429,400,000 at the start of 1949.

Of that total, the federal government owed more than \$216,500,000 on a net basis.

The nation's over-all debt at the beginning of this year thus averaged over \$2.875 for every man, woman and child in the population.

THANKSGIVING JUST A MONTH AWAY

Perhaps the turkeys fattening in Herbert Knight, a bird that weighs lost at least four bushels an acre."

The 1947 feed lot is now a luxuriant field of alfalfa. This year's flock ranged on a rye grass and ebony soybean pasture. Next year the turkeys will go on a broome grass-ladino clover pasture. The farm is maintained by the Claude Anderson, manager of the plant to wheat, which made 24 bushels per acre, "even though the Critic line of feeds."

Anderson raised 2,400 turkeys this season. He feels turkey feeding is a time when they'll be the center of attention on a groaning holiday table. Last year's plot was planted to wheat, which made 24 bushels per acre, "even though the Critic line of feeds."

Full Weekend Program Arranged For Annual I. S. D. Homecoming

The coming week end will witness one of the largest crowds to attend homecoming at the Illinois School for the Deaf in recent years. An unusual series of activities has been arranged for those who plan to come.

Opening the festivities will be the 25th anniversary banquet of the I. S. D. Girls' Athletic association which will be held at the Masonic Temple Friday evening at 6 o'clock. Among the 160 expected to be present are Miss Helen Kent of Sault Ste. Marie, Mich., who in the fall of 1924 founded the local school's G.A.A., Mrs. Mae Adcox Tillman of Highland Park, Ill., the association's first president, and eight of the 15 original members.

Mrs. Dorothy Hart Sellers of Rockford, president of the G.A.A. alumnae, will serve as toastmistress. Rev. William J. Boston will give the invocation.

Among others appearing on the program are Superintendent Daniel T. Cloud, Mrs. Emma Solberger Johnson, present sponsor of the I. S. D. G.A.A., Miss Barbara E. Rogers of the G.A.A. faculty committee, Mrs. Una Bell Hogan of Mexico, Mo., an I. S. D. graduate of 1938, who will speak on "What the G.A.A. Has Done for Me," and Miss Catherine McKinsey, a senior at the school who is this year's G.A.A. president.

Miss Elizabeth Tate and Mrs. Rosemary N. Blazier of the I. S. D. faculty will be the interpreters. Mrs. Dorothy B. Campbell and Mrs. Perol S. Thorn of this city and Mrs. Myrle A. Caffero of St. Louis are in charge of the arrangements.

Climaxing the activities will be the annual homecoming football game. The Indiana School for the Deaf eleven from Indianapolis will furnish the opposition with the kick-off scheduled for 2:30 p.m. on the westend gridiron.

Members of Jacksonville Division No. 88 of the National Fraternal Society for the Deaf will serve supper from 5 to 7 in the M. I. S. room in Wait Hall. Proceeds will be donated to the division's Passavant hospital pledge.

The closing activity will be the homecoming dance to be held in the Devitt and the Misses Mary and Meta Darley hostesses. A potluck supper followed by the program of the evening will be the crowning of the homecoming queen.

MODERN CRIB INTERESTING

Many farmers of west central Illinois have visited the E. C. Adams Sons farm this fall to inspect a new corn crib that is compact, well designed and strongly constructed. Several of its features are the result of years of experience and observation adapted to modern crop-drying methods.

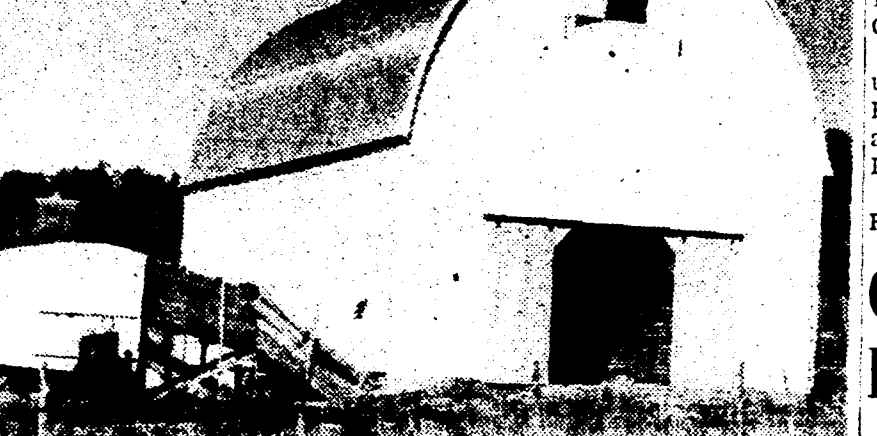

The crib is located on the 965 acre Adams farm, some five miles west and seven miles south of Winchester. It will hold around 20,000 bushels of ear corn, half that much small grain. All sections are filled and emptied mechanically, with a minimum of labor.

The two cribs are 60 feet long and 14 feet wide. The width is divided, bushels from 400 acres in 1948, by sturdily built airways, three feet peck about 21,000 bushels from 300 wide and ten high which connect across this season.

The Adams produce hybrid corn for the Eldred firm. Several thousand bushels of G94 and G95 seed already has been dried below safety levels this season.

Curved laminated rafters greatly increase capacity. It's 18 feet to plates, but 30 feet to the top of the small grain bins built over the driveway.

The Adams brothers estimate the 1949 crop "about 20 bushels short of last year." They picked 36,000 bushels from 400 acres in 1948, by sturdily built airways, three feet peck about 21,000 bushels from 300 wide and ten high which connect across this season.

East St. Louis Unable To Meet December Payroll

East St. Louis, Ill., Oct. 22.—(AP)—Mayor John T. Connors says East St. Louis is in a critical financial condition and may not be able to meet its December payroll.

He said strikes and other unemployment probably had something to do with a lag in tax payments. Only 68 per cent of taxes due have been paid, he said, when normally 80 to 90 per cent have been paid by this date.

Connors said he will seek a property tax increase at the next meeting of the city council.
